Honorable Arnie Fielkow  
Council President  
City Hall, Room 2W40  
1300 Perdido Street  
New Orleans, LA 70112

Dear Mr. Fielkow:

As certified public accountants licensed to perform audits in Louisiana, we are proud that you have engaged our firm to audit the financial statements of Police Pension Fund of the City of New Orleans as of and for the year ending December 31, 2007. This letter will confirm our understanding of the arrangements regarding the financial audit we are to make of the Police Pension Fund of the City of New Orleans as of and for the year ending December 31, 2007.

**Audit Scope.** We will audit the financial statements of the Fund as of and for the year ending December 31, 2007. The document that we submit to you will also include the following additional information that will be subjected to the auditing procedures applied in our audit of the financial statement:

1. Statements of Changes in Reserve Balances
2. Schedules of Administrative Expenses
3. Schedule of Funding Progress
4. Notes to Schedules of Funding Progress

The document will also include the following additional information that will not be subject to the auditing procedures applied in our audit of the financial statements, and for which our accountant's report will disclaim an opinion:

1. Management's Discussion and Analysis

It is acknowledged that these financial statements and the underlying records and supporting documents are the representations of management; that the Police Pension Fund of the City of New Orleans assumes full responsibility for their integrity and fairness; and that representation letters will be requested. It is understood that the Fund will compile the financial statements with our assistance.

***Audit Objectives.*** The objective of our audit is the expression of an opinion as to whether the financial statements are fairly presented, in all material respects, in conformity with accounting principles generally accepted in the United States of America, and to report on the fairness of the additional information referred to in the second paragraph when considered in relation to the financial statements taken as a whole.

We will use professional judgment in determining the standards that apply to the work to be conducted. If this engagement will not satisfy the requirements of all audit report users, laws, and regulations, we will notify you as soon as this comes to our attention. We will then submit another engagement letter for your approval that complies with the applicable requirements. We will consider all standards that may apply, but in particular, we will determine whether a different type of engagement is needed based on:

- State of Louisiana's audit law.
- Audit requirements of *Government Auditing Standards*.
- Other contractual requirements.

***Standards and Guidance.*** Our audit will be made in accordance with generally accepted auditing standards adopted by the American Institute of Certified Public Accountants; and *Government Auditing Standards*, promulgated by the United States Comptroller General. Our audits will comply with the provisions of Louisiana Revised Statute 24:513 and the provisions of the *Louisiana Governmental Audit Guide*, published jointly by the Society of Louisiana Certified Public Accountants and the Louisiana Legislative Auditor.

***Management's Responsibilities.*** Management of Police Pension Fund of the City of New Orleans is responsible for establishing and maintaining internal control and for compliance with laws, regulations, contracts and agreements. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control policies and procedures. The objectives of internal control are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or disposition, that transactions are executed in accordance with management's authorizations and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles, operations are effective and efficient, and to ensure compliance with applicable laws and regulations.

Management is responsible for making all financial records and related information available to the auditor upon request in a timely manner and without restriction. We understand that the Fund will provide us with such information required for our audit and that it is responsible for the accuracy and completeness of that information. We will advise the Fund about appropriate accounting principles and their application and will assist in the preparation of the financial statements, but the responsibility for the financial statements remains with the Fund. That responsibility includes the establishment and maintenance of adequate records and effective internal control over financial reporting, the selection and application of accounting principles, and the safeguarding of assets.

The Fund is responsible for the design and implementation of programs and controls to prevent and detect fraud, and for informing us about all known or suspected fraud affecting the agency involving (a) management, (b) employees who have significant roles in internal control, and (c) others where the fraud could have a material effect on the financial statements. The Fund is also responsible for informing us of knowledge of any allegations of fraud or suspected fraud affecting the Fund received in communications from employees, former employees, regulators, or others. In addition, the Fund is responsible for identifying and ensuring that it complies with applicable laws and regulations.

**Internal Control.** In planning and performing our audit for the year ending December 31, 2007, we will consider the internal control in order to determine our auditing procedures for the purpose of expressing our opinion on the Police Pension Fund of the City of New Orleans' basic financial statements and to report on internal control in accordance with *Government Auditing Standards*.

We will obtain an understanding of the design of the relevant policies and procedures and whether they have been placed in operation, and we will assess control risk. Such an understanding is intended to plan the nature, timing, and extent of audit procedures to be performed. The audit is not designed to provide assurance on internal control or to identify all reportable conditions.

We will inform you of any matters involving internal control and its operation that we consider to be reportable conditions under standards established by the American Institute of Certified Public Accountants and the Comptroller General of the United States. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control that, in our judgment, could adversely affect the entity's ability to record, process, summarize, and report financial data consistent with the assertions of management in the basic financial statements.

Tests of controls may be performed to test the effectiveness of certain policies and procedures that we consider relevant to preventing and detecting errors or fraud that are material to the basic financial statements and to preventing and detecting misstatements resulting from illegal acts and other noncompliance matters that have a direct and material effect on the basic financial statements.

**Compliance.** Compliance with laws, regulations and contracts applicable to the agency is the responsibility of the Police Pension Fund of the City of New Orleans' management. As part of obtaining reasonable assurance about whether the basic financial statements are free of material misstatement, whether caused by error or fraud, we will perform tests of the Fund's compliance with certain provisions of laws, regulations and contracts. However, the objective of our audit will not be to provide an opinion on overall compliance with such provisions, and we will not express such an opinion. Accordingly, a material misstatement may remain undetected. Also, an audit is not designed to detect error or fraud that is immaterial to the financial statements.

Our audit will be conducted in accordance with the standards referred to previously. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether:

- The Police Pension Fund of the City of New Orleans has complied with laws, regulations, and the provisions of contracts or grant agreements that may have a direct and material effect on the basic financial statements.

**Limitations.** The objective of our engagement is a financial audit of the financial statements referred to previously and, upon their completion and subject to our findings, the expression of an opinion on such financial statements in accordance with generally accepted auditing standards. If, for any reason, we are unable to complete the audit or unable to form or do not form an opinion on the financial statements, we may decline to express an opinion or decline to issue a report as a result of the engagement. Should such situation arise, we will notify you and the Legislative Auditor.

Auditing standards generally accepted in the United States of America require us to obtain reasonable rather than absolute assurance about whether the financial statements are free of material misstatement, whether caused by error or fraud. Accordingly, a material misstatement may remain undetected. Also, an audit is not designed to detect error or fraud that is immaterial to the financial statements. However, if during the course of our audit we become aware of such errors, fraud, or illegal acts, we will bring them to your attention. Furthermore, should we become aware of illegal acts we shall also notify the appropriate enforcement agency, including the local district attorney and sheriff.

The foregoing evaluation of internal control and test of compliance with laws, regulations and contracts contribute to the evidence that supports the amounts reported in the financial statements. Such evaluation and test of compliance are not intended to allow the auditor to issue an opinion on internal control or to issue an opinion on compliance with laws, regulations and contracts.

These limited procedures may not meet the needs of all users of audit reports, who may require additional information and assurances on internal control and compliance with laws and regulations. In accordance with *Government Auditing Standards*, you should consider whether additional testing of controls and compliance are necessary to supplement the financial statement audit's coverage of these areas and to meet the reasonable needs of report users. These additional needs are quite often met in two ways, by

- supplemental (or agreed-upon) procedures, or
- an examination resulting in an opinion.

We are available to discuss the expanded needs of report users, the nature of this expanded audit work, and the degree to which these type examinations, or other examinations, will meet the needs of the Fund and its report users.

**Adjustments.** As part of our engagement, we may propose standard, adjusting, or correcting journal entries to the Fund's financial statements. Management is responsible for reviewing the entries and understanding the nature of any proposed entries and the impact they have on the financial statements. Management is responsible for adjusting the financial statements to correct material misstatements and for affirming to the auditor in the representation letter that the effects of any uncorrected misstatements aggregated by the auditor during the current engagement and pertaining to the latest period presented are immaterial, both individually and in the aggregate, to the financial statements taken as a whole.

**Changes.** You will be notified immediately, in writing, if our audit is cancelled or if there are any significant disagreements. You will be notified, immediately, in writing if there are any changes in this agreement or if there are any restrictions placed on our staff during the audit that would impact the scope of the audit, which includes the failure to produce required records in a timely manner, or the nature of the tests required under the previously discussed standards.

**Recommendations.** During the course of our audit, it is possible that we may observe opportunities for economies of operation and for improved internal administrative and accounting controls, or we may observe variances with applicable laws and regulations or other matters that should be brought to your attention. Our comments and recommendations concerning such matters, if any, will be conveyed to you in writing.

**Reporting Package.** The reporting package will consist of the data collection form, to be prepared by management, and:

1. An opinion (or disclaimer of opinion) as to whether the financial statements are presented fairly in all material respects in conformity with accounting principles generally accepted in the United States.
2. A report on internal control and compliance with laws and regulations material to the financial statements. This report shall describe the scope of testing of internal control and compliance, the results of the tests, and, where applicable, refer to the separate schedule of findings and questioned costs. The state laws and regulations included in this report shall include all of the compliance matters included in the *Louisiana Compliance Questionnaire*.
3. A report on internal control and compliance with laws, regulations, and the provisions of contracts. The report will include an opinion (or disclaimer of opinion) as to whether the Fund has complied with laws, regulations, and the provisions of contracts.
4. If applicable, a summary schedule of findings and questioned costs.
5. If applicable, a summary schedule of any prior findings, which the Fund will prepare.
6. Management's corrective action plans, which the Fund will prepare.
7. If applicable, a management letter to convey suggestions and recommendations not suitable for the foregoing reports. We will ask the Fund to respond to any matters included in the management letter and include their response as a part of the issued management letter, or they may place their response to these matters in their corrective action plan.

We will assist in the preparation of the data collection form and sign, or disclaim, the form. In the preparation of the form should there be any material disagreements, we reserve the right to refuse to sign the form and report such matters to the appropriate officials and the legislative auditor.

***Prior Audit Comments and Recommendations.*** Our audit will include a review of any prior-year suggestions and recommendations and will indicate the extent to which the summary schedule of prior year audit findings is fairly stated. As to any current-year recommendations and suggestions, we will afford the Fund the opportunity to respond to such matters and will include their response(s) in management's corrective action plan.

***Compensation.*** Our fee to cover the services including out-of-pocket expenses for travel will be as follows:

<u>Fiscal Year</u>	<u>Amount</u>
December 31, 2007	\$3,990

***Audit Completion.*** We will complete the audit within the time period allowed by the Legislative Auditor, including extensions.

At the completion of our audit, we will send the requested number of copies of our reports, with the management letter, if any, to the City Council.

We will send either one unbound copy of our reports, including any management letter and management's plan of corrective action, or one .pdf/.tif file of our reports, any management letter, and the corrective action plan, to the legislative auditor. If we find events subsequent to the issuance of our audit report (s) that would cause us to reissue the audit report, we shall reissue the audit report (s) in the same fashion and to the same individuals and organizations as the original audit report.

***Working Documentation.*** It is understood that our working documents are confidential information. However, we will make all working documentation available to the legislative auditor, any successor auditor, any federal or state grantor agencies, the cognizant agency, or any organization of the Louisiana Board of Certified Public Accountants authorized to perform quality assurance reviews. Should we become aware of illegal acts, we shall make our working documents available to the local district attorney or any other state or federal enforcement or regulatory agency without liability. We will retain the working documentation for three years.

***Personnel.*** We have assigned Ms Ann Hebert of our staff, 1340 Poydras Street, Suite 2000, New Orleans, Louisiana 70112 (504) 586-8866 as the manager for the audit, and he shall exercise overall control and management of our audit.

***External Quality Review.*** Enclosed is our last external quality review dated December 1, 2005.

February 7, 2008

**Other Services.** You may request that we perform additional nonattest services not contemplated by this engagement letter. If this occurs, we will communicate with you regarding the scope of the additional services and the estimated fees. We also may issue a separate engagement letter covering the additional services. In the absence of any other written communication from us documenting such additional services, our services will continue to be governed by the terms of this engagement letter.

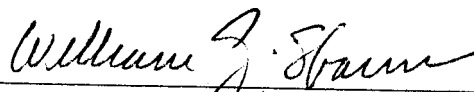

Under the provisions of *Government Auditing Standards*, our ability to provide nonattest services may result in an impairment of our independence, and therefore may be limited for the duration of this engagement and for the period covered by this engagement. We will consult those standards and the Legislative Auditor's Office to determine whether such an impairment exists, prior to the performance of any nonattest services.

**Approval.** In accordance with the provisions of state law, this engagement agreement must be approved by the legislative auditor prior to commencement of our audit. Upon your signature and approval, we will seek approval of this engagement from the Legislative Auditor.

If these comments and arrangements meet with your approval, please sign below and return the agreement to us. We look forward to a pleasant association and the opportunity to provide the services included in this engagement.

Sincerely,

DUPLANTIER, HRAPMANN, HOGAN & MAHER, LLP
